

68K/OS SINGLE USER LICENCE: # 1103

This licence authorises the purchaser to run a single copy of the 68K/OS operating system on a Sinclair QL and to make security copies of the microdrive cartridge(s) supplied for his or her own personal use.

Applications for multiple licences should be made direct to GST Computer Systems Limited.

Keep this form in a safe place: you will need to quote your serial number in all correspondence with GST.

The 68K/OS EPROM firmware, microdrive software and printed documentation supplied are:

68K/OS USER MANUAL: ERRATA

Please correct your 68K/OS User Manual as described below:

<u>Section</u>	<u>Correction</u>
4.4	Replace DATE.PROG with TIME.PROG throughout
6.1	Replace DATE.PROG with TIME.PROG throughout

68K/OS PROGRAMMER'S REFERENCE MANUAL: ERRATA

Please correct your 68K/OS Programmer's Reference Manual as described below:

<u>Page</u>	<u>Correction</u>
A-26	In the description of IOSETPOS the manual implies that the function only works with channels open for writing - this is incorrect. The following paragraphs should be changed:
<u>FUNCTION</u>	To define the position in a random file at which the next sequential read or write operation will start.
<u>STATUS CODE</u>	STEOF Position is past end-of-file (read-only channel).
